ABOUT POET ETHANOL PRODUCTS

POET Ethanol Products is a global leader in the energy and agricultural space. We started as a supplier of fuel ethanol, and have grown into a multi-commodity marketing and transportation company providing solutions in fuels, grains, natural gas, and carbon dioxide markets. We are part of a network of engineering, management, marketing, and manufacturing companies that are dedicated to being good stewards of the Earth by converting renewable resources to energy and other valuable goods as effectively as humanly possible. As the largest supplier of ethanol in the world, we believe in the value and benefits of driving a renewable solution to global energy needs, and focus on creating a more sustainable path forward in all our related industries.

JOB SUMMARY

When we show up to work at POET Ethanol Products, it's our job to meet our customer's needs as efficiently as possible.

As a Natural Gas Trader, you will contribute to maintaining and growing a successful portfolio that generates value through supplying our bio-processing sites, optimizing assets, and identifying new opportunities through creative market analysis. The successful candidate must understand the fundamental physical and financial instruments available for trade in the relevant market to enhance portfolio returns.

THIS JOB MAY BE FOR YOU IF....

- You have 5+ years of natural gas trading/optimization experience.
- You have a Bachelor's degree in Economics, Business, Finance, Engineering, or Mathematics.
- You have Midwest trading experience. (NNG, PEPL, NPBL, ANR, NGPL, etc.)
- You communicate effectively. You write well and speak articulately. You are comfortable communicating in writing and over the phone.
- You are a team player and willing to mentor others.
- You understand gas flows and regional supply & demand economics
- You possess the ability to build sound strategies to grow the business and keep management informed while operating within authority parameters.
- You have had success building/growing a physical natural gas based business.
- You have experience developing and executing trade strategies in collaboration with other team members.
- You pay attention to the details but also see the "big picture." For you, anything worth doing is worth doing right, every time.

A TYPICAL DAY (if there is one)

- Ensuring POET Ethanol Products has acquired competitively priced and secure supply for its own internal demand in the region.
- Optimization and arbitrage trading around transportation and storage agreements.
- Understanding supply/demand and the associated price.
- Applying fundamental points of view to capture value in the market.
- Identifying potential customers to help grow 3rd party business.
- Developing analysis that will further organizational understanding of natural gas markets.
- Assist and/or guide the scheduling team to properly deliver volumes to intended destinations.
- Working with operations and mid office functions to ensure trades are properly captured and balanced in the trade management system.
- Working to develop and maintain strong working relationships with pipelines, suppliers/producers, and local distribution companies.

WORK ENVIRONMENT

- Culture is king at POET. We are all on the same team. We always communicate. We park our egos at the door. These aren't just slogans on our walls. It's part of who we are.
- We have an open work environment, with no offices. We are all in this together and we work close together.
- We work hard. We play hard. We have frequent team events, from bowling to BBQ's to charity activities.
- We also expect that everyone will maintain a healthy work-life balance. It's the best way to optimize health, happiness and productivity over the long term.
- There is not a lot of physical labor, most of your time in the office will be at a desk. Your longest walk will typically be to a meeting or to the break room to help yourself to one of the gourmet coffee\expresso selections or a piece of fresh fruit.

How to Apply

Interested applicants are to complete the online application and submit a resume and cover letter explaining why they seem to be well-suited for the opening.
