CDL A CO2 Truck Driver - JOB DESCRIPTION

Headquartered in Wichita, KS, POET Ethanol Products' distribution system is one of the largest and most efficient in the industry, routinely transporting ethanol, carbon dioxide and denaturant more than 90 million miles each year. Our sophisticated computer models allow us to select the most efficient transportation method and route for every gallon or ton we ship. This translates into significant savings for our partners as well as our customers on a real-time basis. With industry specific marketing and logistics expertise, POET Ethanol Products addresses the most stringent customer requirements of quality, reliability, and customer service in supplying turn-key solutions that ensure our customers' plants are always in supply. We are actively seeking dedicated and committed **Part Time CO2 truck drivers** for our **Marion, Ohio 43302** location.

Job Summary:

The Driver is responsible for providing timely, accurate, and safe deliveries of CO2. The Driver provides excellent customer service by collaborating diligently and expeditiously with dispatchers and customers daily. AM position is available.

Role Expectations

- Inspect vehicle before and after use according to DOT and company maintenance checklist
- Loading trailers and filling customer owned tanks as assigned
- Maintain DOT, SAFECOR and POET EP vehicle documents, ensuring they are properly completed
- Work closely with customers to ensure POET EP meets their expectations, listen to and report customer complaints, concerns or questions to Dispatcher
- Ensure all safety rules are strictly observed
- Assure the truck remains in proper and safe working order and that routine and required maintenance occurs on a timely basis
- Comply with all Federal, State and local laws regulating safe driving and the safe and proper handling of hazardous materials
- Immediately notify the Dispatcher of malfunctioning equipment or condition that needs immediate action and follow up with Terminal Manager
- Maintain appropriate driver's license with Hazmat and Tanker endorsements
- Route's range from 50 to 500 roundtrip miles with an average daily mileage radius of approximately 300 miles from the plant's location
- Perform other duties as assigned

Role Requirements

To perform the essential functions of this position successfully, an individual should demonstrate the following competencies:

- High School Diploma or equivalent (GED)
- 1 year of verifiable driving experience in the past 4 years or driving school training
- Class A CDL with Tanker HAZMAT endorsement or ability to obtain
- Clean MVR (no moving violations)
- Industry and related product knowledge, as well as experience handling compressed gases, preferred
- Basic Computer Knowledge
- Good Customer Service Skills

We offer:

- Competitive Salary
- Matching 401k
- Home Daily

Work Environment

This position is largely self-directed and requires understanding of company policy, procedures, and values. Team members will be required to adhere to all safety requirements in all work environments. While performing the duties of this position, the team member will be exposed to moving, mechanical parts, dusty conditions, high noise levels, internal and external temperature/weather conditions, and exposed to chemicals.

Interested applicants should submit their resume, salary expectations, and cover letter explaining why they seem to be well-suited for the opening. Please email documents to opportunity_driver@poetep.com. If you want to learn more about us, please visit us at www.poetep.com
